Leadership Rockwall Class of 2025

To Whom It May Concern,

The Leadership Rockwall program is a 9-month, Rockwall County community leadership program designed to develop the skills leaders need to excel. The program includes a combination of in-depth issue seminars and skill development designed to enhance self-awareness of leadership approaches. Participants of the program are charged with the task of identifying an issue in our community and developing a project to address the need. Past projects have benefited local non-profits including the Children's Advocacy Center for Rockwall County, Helping Hands, Grace Clinic, and the Meadows Training Center in Rockwall. The goal is to improve our community across a variety of issues such as education, government, public safety, and housing. The Leadership Rockwall program is invested in the progress of this county.

Leadership Rockwall Class of 2025 has selected the non-profit Patriot PAWS as the beneficiary of this year's project. The mission of Patriot PAWS is to train and provide service dogs of the highest quality at no cost to disabled American Veterans and others with mobile disabilities in order to help restore their physical and emotional independence. Serving over 100 veterans in our community, Patriot PAWS is dedicated to training quality service dogs for those who have risked their lives for our freedom. Dogs in this program require intensive training and can take up to two years before "graduation." The team at Patriot PAWS has requested that the Leadership Rockwall Class of 2025 assist in the creation of a sensory garden for both the dogs and our veterans to utilize. This area will be equipped with tools to help expedite the dog's training while also providing a peaceful area for our veterans to use. The area will also include improving accessibility for our veterans by repaving the sidewalk and installing a ramp. Additionally, the team plans to enhance the beautification and accessibility of the pond area near the garden for veterans to enjoy fishing and outdoor activities that can benefit mental health.

**We hope that you will consider partnering with Leadership Rockwall 2025 by donating to this project.** Our goal is to ensure our veteran community has access to the resources and services they need to live a full and independent life. We hope you will join us in making a difference in our community.

Sincerely,

Leadership Rockwall Class of 2025

Take a stand for our local veteran community. You can help enhance the training of service dogs at Patriot Paws to support our veterans in living an independent life. The Sensory Garden would also act as a community space for veterans to take their dogs regularly and strengthen opportunities to connect with other veterans.
